April brings the new financial year and with it new opportunities and challenges for all. On 1st April 2016 the Government introduced The National Living Wage for all working people aged 25 and over, and will be set at £7.20 per hour. It is something we all need to be aware of and the Economy and Tourism Team will be able to allignpost you if you require further advice on this.

There continues to be a wide range of support available for businesses. One of these initiatives includes a partnership led by Anglia Ruskin University which has secured £9.4m of funding from the European Regional Development Fund (ERDF) to support innovation and growth amongst British small businesses. The funding will enable small and medium-sized enterprises (SMEs) across the East and the South East of England to connect with expertise at universities through a new programme of subsidised research and development support co-ordinated by Anglia Ruskin University. Further details can be found within this newsletter.

Many business events and workshops are available this month including our next Briefing that will be held on 16th June 2016, so make sure you keep your diaries free. Further information can be found below.

Recently the Council's Cabinet approved options for the A127 Kent Elms junction improvements earlier this month, along with a preferred option, for a four week consultation. The consultation runs online until midnight on 15th April 2016. The consultation can be found [here](#). It is important to receive your feedback and suggestions via this consultation process on these proposals.

It is important that we keep regular communication with our businesses, so if there is anything the Enterprise and Tourism team can do for you please do not hesitate to contact them on 01702 215022 or email economicd@southend.gov.uk.

Best regards

Chairman of the Southend Business Partnership
