We are finally starting to see the beginning of Spring, and with the Sun brings visitors to the town - we hope your business will benefit! With the new business hub (The Hive) completed and with a management company now appointed, we hope to see businesses move into the former library, in Victoria Avenue, over the coming weeks. If you would like to know more about this then please contact the Economy and Tourism team.

I was delighted that last week's Southend Business Partnership Briefing, held on 5th March attracted so many attendees with a great deal of positive feedback. I would like to say a big thank you to Alison Semmence at SAVS and her team, who organised the Voluntary Service Marketplace along with Richard Cherry from Olympus Keymed for an excellent presentation.

The East Anglia rail franchise, which includes the Southend Victoria to Liverpool Street line, is currently being consulted on with the consultation process closing on 16th March 2015. There are 20 questions on the [DFT website](#), for you to submit your thoughts on how best this should be operated. This line may affect your business so don't miss out and have your say. On 24th of this month the Executive Committee of the Partnership will be meeting to consider further potential projects and initiatives to help businesses and the local economy further develop – if you have any ideas please contact me via the Economic Development Team.

As always, our Partnership is keen to hear from local businesses on what we could do to help your business grow. If you have a topic or issue that you would like to see us address at a business briefing or similar, then let us know by contacting the Economic Development Team on: 01702 215022 or email economicd@southend.gov.uk.

I look forward to seeing you all at the next Southend Business Partnership Briefing on 18th June 2015.

Murray Foster

Chairman of the Southend Business Partnership
